

December 15, 2009

Dear Valued Customer:

We are pleased to announce the merger of S&K Vending and Continental Vending. This acquisition will combine two, well established, local, family owned and operated services. Starting December 21, 2009 all S&K routes will be moving to Continental Vending.

This consolidation will make both companies stronger and better equipped than ever to handle all your vending needs without compromising the core values you have come to appreciate. If you are not familiar with Continental Vending, they have been in business for nearly fifty years. Continental Vending has a nationally known reputation as a leader in the vending industry and unparalleled customer service.

The combining of resources will benefit you, the customer in many ways. Several of the same names and faces you have worked with at S&K Vending will become members of the Continental Vending family. Continental Vending shares many of the qualities you have enjoyed with S&K Vending over the years.

As a new customer of Continental Vending, you can expect continued, seamless service for your vending machines and continued high quality offerings. Little or no changes will be made in the service schedule to your machines. All service calls will be handled in the same timely manner you have become accustomed to. You can reach us at our current phone number (714) 630-1900 or at Continental Vending, (714) 777-9200.

In the following weeks, I will be visiting you, our valued customer, and introducing you to the Continental Vending Team. Thank you for your business and I look forward to a continued mutually beneficial business relationship in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "Dennis Sigalos", is written over the word "Sincerely,".

Dennis Sigalos
